

## Press Release

### **The 3rd Outreach Event on the Development of SBAS in Africa. Congo Brazzaville 6th – 7th July 2021**

In continuation of the efforts to increase awareness of the benefits of satellite navigation in Africa, JPO in conjunction with ASECNA has organised the 3<sup>rd</sup> Outreach event in the Continent in Brazzaville, Congo, destined to non-Aviation communities such as Agriculture, Maritime, Surface transport modes, Survey-mapping etc.

Under the patronage of the Republic of Congo, the Ministry of Transport, Civil Aviation and Merchant the State has demonstrated its full support to Satellite Navigation implementation in the region and in Africa in general.

The Outreach event involved a variety of stakeholders from AUC, RECs, Experts representatives of various States and the Industry and is complemented by live demonstrations (on S-PPP and EWS).
